

Personalized, Caring Attention for each Patient

American Behavioral Clinics is an outpatient therapy treatment facility dedicated to effectively treating adults, and children ages 7-18 with mental health challenges by reducing suffering, behavioral issues and the impact of psychological trauma. ABC does this by providing psychiatric services, counseling, and group therapy that strengthen the emotional health and safety of children and adolescents

The highly qualified mental health professionals at ABC are specially trained in the assessment and treatment of behavioral health conditions in children and adolescents. They are leaders in their field and bring a wealth of proven experience to the youth and families they serve.

Mental health disorders can affect children from all walks of life regardless of their socio-economic status, religious affiliation or ethnic background. The GOAL of our staff is for all children to achieve their full potential.
